CLEAN MAX™ CLEANING AGENT

It is a violation of Federal Law to use this product in manner inconsistent with its labeling.

DIRECTIONS FOR USE:

TANK MIX: Apply directly to tough stains as a RTU. Apply as a mist, allow to soak for 1-2 minutes, scrub if necessary then rinse. Repeat process if stain persists.

USE RATES: Normal (external) tank stain removal: dilute 50/50 with water. Apply, allow to soak for 1-2 minutes, scrub and rinse, removes pigment and other stains fast.

Tank Cleaner/Neutralizer: Apply 2 quarts in 100 gallons of water, circulate for 10 minutes, clean and rinse. CleanMax is safe for rinsate disposal, always follow local and state guidelines for proper disposal of rinsates.

CleanMax is a super concentrated dual-purpose cleaning agent. CleanMax removes pigment/dye/oil as well general hard to remove stains. Perfect for most surfaces that come into contact with spray equipment, and stains from traditional out of doors exposure. Spray equipment, Markers, Pathways, Markers, Golf Carts, Plaques, Statues as well as many surfaces around outside pools and recreation areas.
